	defined to ensure uninterrupted functioning of all systems.	elaborate regarding replacement cost of parts damaged due to mishandling, mishappening or due to any reason or due to end of life of products like filters, batteries etc. in all the electromechanically equipment.	attended within 1 hour of raising the complaint. Services of Lifts, HVAC, CCTV etc. are to be attended on the same day if the complaint is received before 3PM on a day & on the next calendar day, if the complaint is received after 3PM. For operations of all equipments other than lift for which manpower is required for operating the same, the contractor will provide the required manpower as per design basis requirements. For lift, one lift repair mechanic should be available 24 hours in case of any jamming, locking, other mal-function. Minimum One Supervisor has to be provided 24/7 at site for receiving and co-ordinating for all the complaints. Required stores of general nature for repairing/replacement of lights/bulbs/taps etc. are to be kept. Consumables like oil, diesel, lubricant shall be provided by OIL India Limited.

SN. NO.	REFERENCE CLAUSE/ PAGE NO/ DESCRIPTION AS PER BID DOCUMENT	REQUEST/QUERY BY PROSPECTIVE BIDDERS	REPLY TO PROSPECTIVE BIDDERS BY RITES
			However, all other consumables such as spare parts, end of life product like filters, batteries, etc., defective equipment/component etc. during the DLP period shall be repaired or replaced by the EPC contractor at no additional cost. If the EPC contractor fails to repair or replace the defect in the given time or satisfaction of Engineer In-charge, the same shall be rectified at the risk and cost of the EPC contractor, along with additional 20% administrative charges. Contractor has to operate and maintain all electromechanical equipment's during DLP period. Hence, all liabilities and cost of any mishandling, mishappening, or due to any reason attributable to EPC Contractor shall be borne by EPC Contractor. Hence, in line with obligations under DLP period including operation and maintenance of electro-mechanical equipments, the EPC Contractor has to provide required manpower.

	After completion of work contractor will take away these materials and site shall be cleaned free from encroachment. Nothing extra shall be paid on this account.		
9.	Page-68, Technical Bid b) Construction Experience in Key Activities 1. The bidder must have obtained at least one GRIHA 3-Star rating or higher certification for a building project	This particular criterion seems difficult to comply with in the context of Assam, as no project in the state has yet been officially issued a GRIHA 3-Star rating certificate, even though several buildings have been constructed in accordance with GRIHA norms and compliances. In this regard, we request your good office to kindly reconsider and remove/relax this eligibility requirement to enable wider participation of competent contractors in the bidding process. This will ensure healthy competition and allow more local agencies, with adequate experience and capacity, to participate effectively.	No change in tender conditions.
10.	Page-68, Technical Bid b) Construction Experience in Key Activities	Kindly consider removal/relaxation of this requirement, or acceptance of projects executed in compliance with GRIHA norms (without mandatory certification).	No change in tender conditions.

SN. NO.	REFERENCE CLAUSE/ PAGE NO/ DESCRIPTION AS PER BID DOCUMENT	REQUEST/QUERY BY PROSPECTIVE BIDDERS	REPLY TO PROSPECTIVE BIDDERS BY RITES
	1. The bidder must have obtained at least one GRIHA 3-Star rating or higher certification for a building project	In Assam, very few projects have been officially issued a GRIHA 3-Star rating certificate, despite several buildings being constructed in full compliance with GRIHA standards. The strict certification requirement restricts participation of competent local contractors. Relaxaon would allow wider participation, encourage healthy competition, and ensure inclusion of capable agencies with adequate experience and resources.	
11.	Page No. 10, Technical Bid Clause 1.9 CRITICAL DATA SHEET 6. Bid submission End Date & Time	We are in receipt of the above-mentioned tender and are currently in the process of reviewing the bid documents and requirements in detail. We therefore kindly request an extension of the bid submission deadline by 30/09/2025, to enable us to prepare a fully responsive bid.	Bid submission End date and time extended till 25-09-2025 & 11:00 Hrs.
12.	Page-68, Technical Bid b) Construction Experience in Key Activities 1. The bidder must have obtained at least one GRIHA 3-Star rating or higher certification for a building project	With reference to the tender requirements, we respectfully request you to kindly consider either removing or relaxing the clause mandating GRIHA certification for eligible projects.	No change in tender conditions.

SN. NO.	REFERENCE CLAUSE/ PAGE NO/ DESCRIPTION AS PER BID DOCUMENT	REQUEST/QUERY BY PROSPECTIVE BIDDERS	REPLY TO PROSPECTIVE BIDDERS BY RITES
		We propose that projects executed in accordance with GRIHA norms, even if not formally certified, be accepted as valid, as they demonstrate adherence to the intent and standards of sustainable design and construction. We believe this relaxation would broaden participation without compromising the quality or sustainability objectives of the project.	
13.	Page No. 10, Technical Bid Clause 1.9 CRITICAL DATA SHEET 6. Bid submission End Date & Time	As we are currently reviewing the tender documents and evaluating the scope in detail, we respectfully request an extension of the bid submission to 28th September 2025. This additional time would enable us to prepare a comprehensive and compliant proposal that aligns with the project's technical and commercial requirements.	Bid submission End date and time extended till 25-09-2025 & 11:00 Hrs.
14.	Page-68, Technical Bid b) Construction Experience in Key Activities	We seek your kind consideration regarding the clause mandating GRIHA certification for eligible projects. We suggest that the requirement be relaxed to allow for	No change in tender conditions.

SN. NO.	REFERENCE CLAUSE/ PAGE NO/ DESCRIPTION AS PER BID DOCUMENT	REQUEST/QUERY BY PROSPECTIVE BIDDERS	REPLY TO PROSPECTIVE BIDDERS BY RITES
	1. The bidder must have obtained at least one GRIHA 3-Star rating or higher certification for a building project	the submission of projects that have been executed in alignment with GRIHA norms, even if not formally certified. Such projects still reflect a commitment to sustainable practices and adherence to the core principles of the GRIHA framework.	

Note: All the other terms & conditions remains unaltered.
